## FOREST FIRE PROBLEM SERIOUS

---

The year 1947 was one of the worst periods of drouth and forest fire occurrence in eastern United States history. Lack of water ruined crops, lowered water levels and dried up brooks everywhere. Three months of deficient rainfall and abnormally high temperatures resulted in many fires which were mostly well controlled and kept within bounds. Only the high winds beginning on October 23rd caused a few fires to escape beyond immediate control. These few fires resulted in burning some 15,000 acres and the loss of 63 or more buildings in four New Hampshire towns.

All October fires were costly. They burned deeply in the ground and required day and night patrol of large crews of men until the rains came late in October. Towns which escaped from serious fires might easily have been in the midst of the most serious conflagrations we had.

Governor Dale closed the woods effective at midnight of October 15th. With the blow-up of October 23rd, a second proclamation closed all back roads and authorized towns to inaugurate patrol. The effect of this was to cut down subsequent fires for the rest of the dry period.

Local fire warden forces performed an admirable job to hold the more than 200 fires that occurred during this October period. Many men were taxed to the utmost as the emergency continued. To them and all those who did their work, the people of New Hampshire owe a debt of gratitude. The state forest fire control agency based on local town wardens and town crews wherever adequately equipped rose to the occasion and met the test in whatever town their services were needed.

It is now time to take stock everywhere of our fire fighting facilities for the season ahead and to make them adequate where necessary. To this end town fire plans and training programs for wardens, deputies and other key men in each

district are being arranged or in progress. If equipment and tools are insufficient properly to equip the available man power in each community with the right tools for the job, they should be provided for at once. The yearly addition of fire tools to the town supply will generally need to be built up. The state sells tools to the towns and shares one-half their cost. Good equipment is important and can help greatly to keep both damage and fire costs at a minimum.

For many years we have requested our wardens not to issue burning permits except on rainy days. This regulation will be in effect again this year as it is one of the best means of assuring such fires from getting out of control. Nine out of every ten fires can be prevented, 98 percent of all fires being due to human carelessness. Be sure to get a permit for any fire in or near woodland when the ground is free from snow. Be sure your fires are always out before you leave them. Help us in getting the travelling public to keep from throwing out lighted matches or cigarettes. Be careful of all fires in or near woodland.

MERTON A. WEBBER,

*District Chief.*

CLARENCE H. PHILBRICK,

*Fire Warden.*

*1947 Fire Record*

Number of Fires .....	3
Acreage Burned .....	Less than one acre
Number of Fire Permits Issued .....	6

The fire protection of the Town has been increased during the past year by the purchase of a new truck. This was made possible by a gift of \$700. by the Fire Association, and \$881. received in donations from the townspeople, which we of the Fire Department wish at this time to gratefully acknowledge. We also wish to extend thanks to those who gave of their time and labor in soliciting the donations, reinforcing the fire house floor to support the new truck, to those who made several trips to Topsfield to oversee the fitting of the truck, and to any others, who, by their efforts helped in this worthy cause.

We have been very fortunate in having no serious fires in town during the past year. However, we have extended help to several surrounding towns, and also to Rochester, Hampstead and Atkinson during the conflagration. During that extended dry spell volunteers patrolled all Fremont roads as a safety precaution.

You will notice that the Fire Department Budget for the ensuing year is somewhat larger than heretofore. We were given the opportunity of purchasing Navy surplus hose at a 50% saving, with the privilege of paying for it at a later date, and we took advantage of this offer and bought 1000 feet. It seemed the wise thing to do as our hoses were in poor condition. We plan to increase the insurance on our firemen this year, and to overhaul the portable pump on the Chevrolet.

I would like to say in closing that the cooperation of all members of the Fire Department has been of the best.

Respectfully submitted,

F. CARROLL HESELTON,  
*Fire Chief.*

## SUPERINTENDENT'S ANNUAL REPORT

---

*To the Citizens and School Board of Fremont:*

Following is my first report as your new Superintendent. As I was elected to this position only four months ago most of the statistics will cover Mr. Osgood's last year as Superintendent.

Fremont is very fortunate in having three excellent teachers in its schools this year. They are Mrs. Ruth L. McGall of Raymond, Primary grades 1-4, Miss Hope Barker of Londonderry, Grammar 5-8, and Miss Ruth White of Newmarket, South Road grades 1-8. In spite of crowded conditions in all schools these teachers have carried on a high grade of teaching and have earned fine respect from pupils and parents.

The present school buildings are in rather poor condition and it will be necessary to do some repairs including painting, plastering, and improving sanitary conditions before they are opened in the fall. It is hoped that conditions will soon allow Fremont to build its consolidated school and avoid the discomfort of having poor facilities in rural schools.

In closing I wish to express my appreciation to the School Board, teachers, pupils and citizens of the community for their hearty cooperation during the past four months.

Respectfully submitted,  
ARTHUR W. DANIELSON,  
*Superintendent.*

## REPORT OF MUSIC TEACHER

---

*To the Superintendent and the School Board of Fremont,  
New Hampshire:*

I hereby submit the annual report of the music department.

The Fremont Schools have concluded another year of music successfully. The program stressing the appreciation of and creating of music has been faithfully carried out.

The primary grades have been taught many rote songs, some reading songs and, in addition, have learned many folk dances and listened to the best records.

The elementary class has carried on a program appropriate for their age level.

The South Road school has done exceptionally well with their music. Especially since the group represents the eight grades.

Today music is taught in terms of appreciation. It is clear to anyone that an understanding of musical theory and developing technique are important. Therefore, the aim of a good music program is to develop a course of study that will not shirk difficulties; one that will give the child an opportunity to become, at his own level, a musician—that is to find in music an opportunity for happiness and a fuller life.

In conclusion, may I express my appreciation to those who have made this school year such a pleasant one.

Respectfully submitted,  
PRUDENCE HAYES

## HEALTH SUPERVISION

---

*To the Superintendent of Schools and School Board of  
Fremont, N. H.:*

Of the 102 pupils examined during the school year 1946-1947, the following cases were found and treatment was given as indicated:

	No. Cases	Receiving Treatment	Corrections or Improved
		No.	No.
Underweight .....	11	9	..
Defective Vision .....	3	..	3
Orthopedic .....	1	1	..
Defective Hearing ....	2	2	..
Defective Teeth .....	32	..	6
Diseased Tonsils .....	3	..	1
No. of Communicable			
Diseases during year:			
Pediculosis .....	6		
Whooping Cough	15		
Chicken Pox ....	14		
Skin Diseases ...	11		

Health program of the Fremont Schools consist of yearly physical examinations of eyes, ears, throats, etc. This examination is followed up by home calls to secure corrected work which is needed.

Schools are visited every other week, for inspection and anything else which requires attention. In cases of epidemics the nurse is there daily.

We are fortunate in having an unusual healthy group of school children and very solicitous parents.

The cooperation of the parents and school officials is greatly appreciated.

Respectfully submitted,  
CONSTANCE COOPER, R. N.
